

Risk Oversight Solutions

Objective Centric ERM and Internal Audit

Quick Start Capability Transfer Package - \$5000 USD

A better response to risk.

Highlights

- 15 hours of remote support and coaching from Tim Leech, a globally recognized award winning risk governance expert with over 30 years of experience implementing objective centric ERM and internal audit with public and private sector organizations globally. Additional remote assistance can be purchased for \$300 U.S./hour. On-site support and training is available at \$400 U.S./hour plus travel costs.
- A perpetual copyright license to training materials and implementation aids developed on assignments with major corporations around the globe in a wide range of business sectors, public sector organizations and not-for-profits. This library includes presentations to position the approach with boards and the C-Suite, group exercises, and detailed guidance how to complete objective centric risk assessments and quality assurance reviews.
- For end users it provides detailed guidance how to use the free implementation resources available on Risk Oversight Solutions' website at <http://riskoversightsolutions.com/ro-resources>
- For consulting firms helping companies implement this new approach it provides a license to use the core objective centric reference aids available free to end users and an extensive library of training and implementation aids.
- Access to a network of professionals at other firms around the world implementing objective centric ERM and internal audit.
- Next business day response to requests for help/information.
- A monthly blog exclusive to QUICK START license holders with topics specific to implementation of objective centric ERM and internal audit.
- Guide to software products available that support the ROS objective centric approach.

Benefits
